

# DAY PLAN

## *Opinion text*

### **Day 9**

Once students have marked off all the components on their mini rubrics, they can proceed to double-check their text with a partner. Once they are satisfied with the revisions, they can then produce their final work. I always give them the option to type or write it out. If they choose to write it out, they can use the chart provided below.

Upon completion, they will submit their work to you, and you can proceed to grade them using the provided rubric.
